Interior Rehabilitation - Arsenal Building

Subject: Letter of Appreciation

As I settle in to my new assignment in the hills of Western Pennsylvania, I wanted to take a moment to forward my sincere thanks to you and all the employees of Eastern General for a job well done. I know I speak for many in expressing how pleased the National Park Service is in the results of this most recent contract as well as all the work Eastern has done at the Springfield Armory over the years. You have a great crew of talented, caring people.

I especially wish to extend my sincere appreciation for the high degree of professionalism, the spirit of cooperation and continued resourcefulness that Lisa Cazalet, John Colapietro and Gil LeBlanc exhibited on this project.

EVERYONE associated with the work at the Armory approached their work in an outstanding manner, and I am grateful to have had the opportunity to work with such an exceptional group.

I hope our paths will cross again in the future, until then, warmest regards to all.

Very truly yours,

Colleen S. Bruce
